

A top-down view of a woven basket filled with several coconuts and bundles of pandanum leaves. The coconuts have brown, fibrous husks, and the pandanum leaves are long, narrow, and green with yellowish veins. The basket is placed on a light-colored, textured surface.

CóirtexTM

View our 2025 **Product** Catalogue.

We are **inspired** by beauty.

A vibrant tropical scene featuring a dense grove of tall palm trees with lush green fronds. The trees are planted in neat rows on a well-maintained green lawn. The background shows a clear blue sky with some light clouds and a distant, hazy mountain range. The overall atmosphere is bright and sunny.

Our products are crafted with **imagination.**

Woven with true **commitment** and sustainability.

Flooring In Harmony With Nature.

Over the years, the coirtex brand has established itself in the market. Our slogan, '**flooring in harmony with nature**', reflects our dedication to providing natural carpet and fiber solutions. This slogan encapsulates our commitment to delivering exceptional products and ensuring customer satisfaction. We prioritize our clients' needs and strive to exceed their expectations in every interaction. **We are salespeople at heart** and take ***customer satisfaction*** to be our **number one priority**.

Coir Herringbone

Coir Boucle

Coir fiber is 100% organic, biodegradable, and hypoallergenic, making it an eco-friendly and skin-friendly option for your home. It is available in two distinctive weave styles: bouclé and herringbone. To maintain its appearance, simply shake off any excess dirt or vacuum regularly. Customisation options are available to suit your specific needs.

Coir

Seagrass Herringbone

Seagrass Panama

Seagrass Squares

Seagrass Round

Our seagrass carpets are crafted from entirely natural materials. The seagrass is carefully hand-harvested, sun-dried, and then spun into durable cords, which are intricately woven into beautiful floor coverings.

Seagrass carpets have a smooth, glossy texture, making them a stylish and versatile choice for various areas in your home. While seagrass flooring helps reduce noise, its firm texture may not provide the same softness underfoot as other carpet options.

Sisal Tiger's Eye Sahara

Sisal Tiger's Eye Dove

Sisal Tiger's Eye Cork

Sisal Dove Herringbone

Sisal Sand Herringbone

Sisal Tiger's Eye Chunky Natural

Sisal Tiger's Eye Chunky Grey

Sisal Heavy Boucle Natural

Sisal Pebble Grey Boucle

Sisal Sahara Boucle

Sisal Marble Boucle

Sisal

Sisal carpets and wall coverings have been widely used for decades. It makes for a perfect rug in your home and office. Our range of sisals are the biggest in our collection with various colours and weaves. Depending on the weave, certain sisals feel softer underfoot than others. Sisal is recommended for most areas in your home.

Hemp Ash Boucle

Hemp Boucle Silver

Hemp Boucle Natural

Hemp is warm and cosy underfoot, rustic, charming, and as pure as the hemp itself. We offer our hemp range in different weaves and colors, namely, boucle and panama. Our hemp comes with an oven-baked biodegradable latex backing. We custom make any size rug.

Our border collection showcases our superior finished look. Choose a border that compliments your carpet and living space.

Bindings and Borders

Our latest trend is to go borderless which we call *'tucking'*. Tucking provides a seamless and chic finish.

All of our products can be tucked; however, due to the labor required to achieve this look, it carries extra charges. All our products can be installed as a fully fitted wall to wall carpet in any area of your home

Tucking and Wall-To-Wall

Our all weather rugs are UV protected, exceptionally durable and washable.

The inspiration for these marvelous machine-made rugs draws directly from the colors, designs and textures of similar natural fibres. ***Machine made with 100% polypropylene.*** Skillfully crafted. All outdoor rugs can be cut to size, fitted wall to wall, tucked or bordered.

Bathroom Sets and Specials

Coirtex has developed its own specially formulated eco-friendly powder that can help clean your carpets.

Wet Away is a water-based sealer designed for natural fibres, upholstery and leather surfaces. It works as an invisible barrier which allows you time to blot away wet spills before it penetrates your precious item. It also provides excellent stain resistance.

Clean Your Natural Fibres

Wool is a beautiful and complex fibre.

Softness and comfort

wool fibres have a natural crimp, creating a plush, springy texture underfoot.

Durability

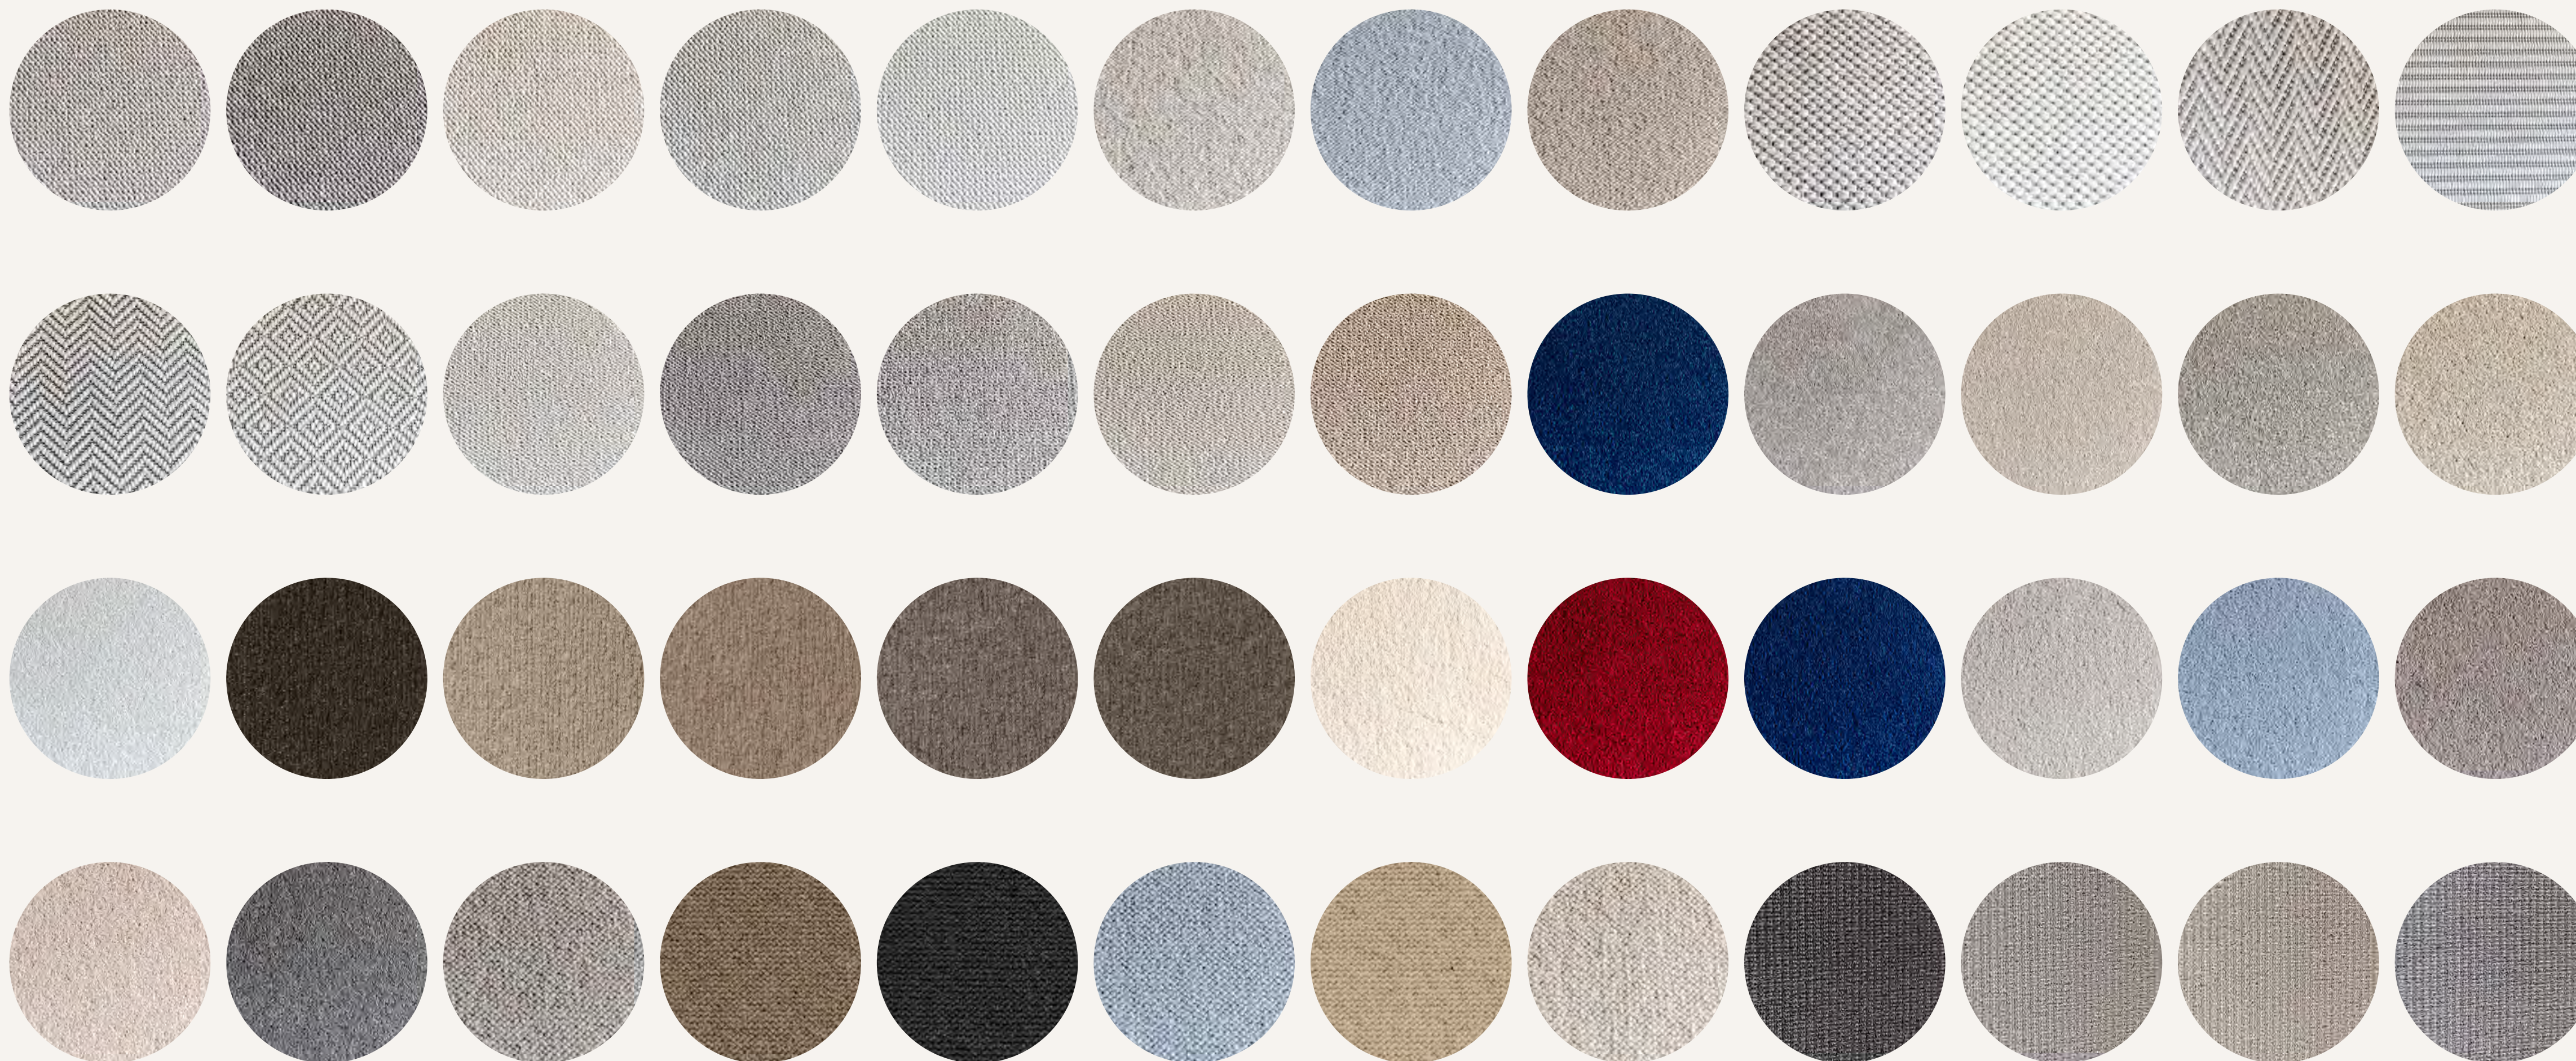

despite its soft feel, wool is remarkably resilient and can maintain its appearance for years with proper care.

Nature is uncomplicated and so is the care you give a pure wool carpet. Most of the marks lift with a little lukewarm water and a dash of white vinegar. Custom-made to your requirements.

We offer fitted solutions too.

Wool Carpets

Accredited Supplier.

Nouwens Carpets

Our bazuri collection is handwoven with 80% wool and 20% cotton kelim.

These intricate rugs come in various colors and patterns, and are available in standard sizes. They are only to be spot cleaned and never to be immersed in water.

Bazuri Rugs

Available in the following sizes:

- 60cm x 90cm
- 90cm x 150cm
- 60cm x 180cm
- 120cm x 180cm

160cm x 200cm

Felt Drop Sheets

Coco peat is a uniform, consistent, high quality horticultural growing medium, which ensures good germination of seed, and vigorous root, plant and flower development.

Coco peat, also known as coir or coconut husk, is a potting medium that provides an alternative to potting soil featuring high water retention, suitable aeration and antifungal benefits. Coco peat ensures good germination of seed and vigorous root, plant and flower development.
